these student s books will help students understand the core ideas and principles behind the political ideologies and how they apply in practice to human nature the state society and the economy comprehensive coverage of the ideologies of liberalism socialism conservatism multiculturalism nationalism and ecologism definitions of key terms and concepts to help clarify knowledge and understanding of political language exam focus sections at the end of each chapter to test and develop understanding of key topics offering practice for short and long essay questions

as well as introducing the mainstream ideologies of liberalism conservatism and socialism this text examines challenges from nationalist feminist and green thinkers amongst others now in its third edition it includes a new chapter on anarchism and assesses the continuing disillusionment of britain with the ideas of the westminster elite

how should broadly liberal democratic societies stop illiberal and antidemocratic views from gaining influence while honouring liberal democratic values this question has become particularly pressing after the recent successes of right wing populist leaders and parties across europe in the us and beyond this book develops a normative account of liberal democratic self defence that denounces the failures of real world societies without excusing those supporting illiberal and antidemocratic political actors this account is innovative in focusing not only on the role of the state but also on the duties of nonstate actors including citizens partisans and municipalities consequently it also addresses cases where the central government has at least been partly captured by illiberal and antidemocratic agents gabriele badano and alasia nuti s approach builds on john rawls s treatment of political liberalism and his awareness of the need to contain unreasonable views that is views denying that society should treat every person as free and equal through a mutually acceptable system of social cooperation where pluralism is to be expected the authors offer original solutions to vexed problems within political liberalism by putting forward a new account of the relation between ideal and non ideal theory explaining why it is justifiable to exclude unreasonable persons from the constituency of public reason and showing that the strictures of public reason do not apply to those suffering from severe injustice in doing so the book further politicizes political liberalism and turns it into a framework that can insightfully respond to the challenges of real politics

this concise student edition of the cambridge handbook of the psychology of prejudice includes new pedagogical features and instructor resources

enduring liberalism pursues two objectives one it explores the political thought of public intellectuals and the general public since the 1960s two it assesses contemporary and classic interpretations of american political thought in light of the study s findings book jacket

a new series of bespoke full coverage resources developed for the aqa 2015 a as level history written for the aqa a as level history specifications for first teaching from 2015 this print student book covers the challenge and transformation britain c1851 1964 breadth component completely matched to the new aqa specification this full colour student book provides valuable background information to contextualise the period of study supporting students in developing their critical thinking research and written communication skills it also encourages them to make links between different time periods topics and historical themes

a thoroughly revised updated and newly illustrated version of the gaddis smith called the best book on the totality of the carter presidency the new edition includes more on the former president s foreign and environmental policies and expands coverage of the personal carter as well as his wife rosalyn s activist role during his administration

model portz political science northeastern u combines a synthesis of the literature on urban politics and political economy with a close analysis of plant closings in pittsburgh pennsylvania louisville kentucky and waterloo iowa to illuminate the complexity of constraints upon and range of local government efforts to control the economic damage caused by shutdowns paper edition unseen 12 95 annotation copyrighted by book news inc portland or

where did the era of divided government come from what sustains split partisan control of the institutions of american national government year after year why can it shift so easily from democratic or republican presidencies coupled with republican or democratic congresses how can the vast array of issues and personalities that have surfaced in american politics over the last forty years fit so neatly within indeed reinforce the sustaining political pattern of our time these big questions constitute the puzzle of modern american politics the old answer a majority and a minority party plus dominant and recessive public issues will not work in the era of divided government byron shafer a political scientist who is regarded as one of the most comprehensive and original thinkers on american politics provides a convincing new answer that has three major elements these elements in combination not divided government as a catch phrase are the real story of politics in our time the first element is comprised of two great sets of public preferences that manifest themselves at the ballot box as two majorities the old cluster of economic and welfare issues has not so much been displaced as simply joined by a second cluster of cultural and national concerns the second element can be seen in the behavior of political parties and party activists whose own preferences don t match those of the general public that public remains reliably left of the active republican party on economic and welfare issues and reliably right of the active democratic party on cultural and national concerns the third crucial element is found in an institutional arrangement the distinctively american matrix of governmental institutions which converts those first two elements into a framework for policymaking year in and year out in the first half of the book shafer examines how dominant features of the reagan first bush clinton and second bush administrations reflect the interplay of these three elements recent policy conflicts and institutional combatants in shafer s analysis illuminate this new pattern of american politics in the second half he ranges across time and nations to put these modern elements and their composite pattern into a much larger historical and institutional framework in this light modern american politics appears not so much as new and different but as a distinctive recombination of familiar elements of a political style a political process and a political conflict that has been running for a much much longer time

the first comprehensive study of the three progressive era presidents who stretched the limits of the early twentieth century presidency in order to meet the emerging public expectations explains the leadership differences between the three presidents and looks at the impact the progressive movement had on the office of the presidency

a weekly review of politics literature theology and art
