this volume explores new interfaces between linguistics and jurisprudence its theoretical and methodological importance lies in showing that many questions asked within the field of language and law receive satisfactory answers from formal linguistics the book starts with a paper by the two editors in which they explain why the volume as a whole and with its individual papers is an innovation in the field of language and law in addition an overview about the most important research projects on language and law is given the first chapter of the book is on understanding the law jurists and laypersons always ask for the precise meaning of a certain piece of

the law in linguistics the discipline investigating meaning is semantics thus it is to be expected that semantics can contribute to a correct understanding of the law chapter 1 also investigates the alleged incomprehensibility of legal language with the help of psycholinguistics chapter 2 is on identifying the criminal to find the author of a blackmailer's letter text corpus linguistics is instrumental if the blackmailer uses the telephone instead of the letter speaker identification and phonetics are necessary the bka stores all blackmailing letters in a database but databases are only one possibility of organizing legal systems another possibility is the application of tools from computational linguistics and artificial intelligence these tools can be useful to handle terminology to retrieve information or to model legal theorizing in a formal system chapter 3 demonstrates a variety of examples of organizing legal systems the topic of chapter 4 is multilingualism and the law the european legislation is a product of legal and linguistic diversity as the member states do not only differ in languages but also in their legal systems one paper shows how switzerland handles its multilingualism in legal drafting the input of translation studies is of course vital in this field of research an index for both subjects and persons complements the volume

all the hard questions about human action are about what to include in a story what can be left out and how to characterize what gets included a narrative selects from all the world's motions which ones are part of or relevant to an act and so narratives give us what narratives have already shaped the relation is circular many narratives can be told of an act not all consistent some features of human action events off stage determine what's happening on stage many actions pass through motions in view an act can be changed after the fact action presupposes language what an act is can be highly ambiguous we judge acts and narratives because we have a stake in them

what do we know about the world rhetorical and argumentative perspectives is a book trying to answer the title question by contributing to rhetorical and argumentative studies it consists of papers presented at the first international conference on rhetoric in croatia the days of ivo s karic in may 2012 and subsequently revised for publication through a variety of different routes the papers explore the role of rhetoric and argumentation in various types of public discourse and present interdisciplinary work connecting linguists phoneticians philosophers law experts and communication scientists in the common ground of rhetoric and argumentation the conference was organized with the intent of paying respect to the croatian rhetorician and professor emeritus ivo s karic who was the first to introduce rhetoric at the department of phonetics at the faculty of humanities and social sciences university of zagreb

this book constitutes the refereed proceedings of the second international semantic conference iswc 2003 held at sanibel island florida usa in october 2003 the 58 revised full papers presented were carefully reviewed and selected from numerous submissions the papers are organized in topical sections on foundations

ontological reasoning semantic services security trust and privacy agents and the semantic information retrieval multimedia tools and methodologies applications and industrial perspectives
